8	- 5	Drivocy	Choose how public your wall will be
PRIVACY	67	Titvacy	choose now public your wait will be.
820	6	Notifications	Decide if you want to be emailed each time a
NOTIFICATIONS	Ū		post is added to your wall.
~	•		
Ċ,	U	Address	Allows you to create a custom URL for your
ADDRESS			wall.
Dh	-	Сору	Allows you to duplicate your wall with or
CODY	*		without posts, such as a wall for each class
COPT			period.
		Delete	Allows you to delete a wall.
DELETE			-

<u>Step 3</u> – Adding posts to a wall

This is the GFHS Indian's Tech Channes, page Double-click anywhere on the wall to add a stickie note. You can add comments, a link, a file or a video. Fun! Have your students sign their name for assignment credit. Here's a sample video, just because...

-Jeanie Ingram

Use these tools to edit or delete your post.

Click your note to move it around on the screen.

Step 4 – Sharing with others

• Click on the 🛃 to view the share and export options

SHARE: You can share your wall with others via social media

EXPORT: You can export the contents of your wall via PDF, Excel, or CSV. (This is a great feature for evaluating student work.)

EMBED: Copy the code to add the padlet to your blog or website.

MOBILIZE: Invite other to collaborate by sharing the URL or the QR code!
